SIR:

In response to the Restriction Requirement dated April 14, 2004, Applicants provisionally elect with traverse Group I, Claims 1-35, drawn to the updating and accessing of database information by participants. Applicants traverse the restriction requirement for the following reasons:

MPEP § 803 provides:

... If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

However, the outstanding Restriction Requirement has not established that an undue burden would exist if the Restriction Requirement was not issued and all the claims were examined together. Moreover, the claims of the present invention would appear to be part of an overlapping search area. Accordingly, Applicants respectfully also traverse the outstanding

Response to Restriction Requirement dated April 14, 2004

Restriction Requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Accordingly, it is respectfully requested that the requirement to elect a single group be withdrawn, and that a full examination on the merits of Claims 1-39 be conducted.

Respectfully submitted,
